## At a glance

LINEX was founded by a young man studying to be an engineer.

In 1923 he started making his own drawing and measuring tools for him and his fellow students. He was not satisfied with the quality available on the market.

In 1935 the company LINEX was officially founded and modern production facilities was built.

LINEX has focused on high precision drawing materials and has added additional product lines to the brand over the years.

LINEX is represented in more than 50 countries around the World and we consider our selves a global brand.

## Our strategy

Changing markets and consumer needs.

Due to the new digital possibilities used in technical drawing, the need for manual writing and drawing materials for professionals is declining.

Keeping the leading role for drawing, writing and hobby materials for students and professionals trough new products and convenient solutions.

Our future - the children:

- Providing good affordable products for both school and private use.
- Helping children to understand theoretical educational skills - our Active Learning concept.
- Equipment for educational institutions on all levels.

## Why?

We help and inspire people to create better results.

## How?

We enhance performance of children and adults by merging, learning, creativity and precision.

## What?

We develop the most accurate and user friendly learning, measuring and drawing tools.

## ActiveLearning

Math doesn't have to be all about tricky numbers on a piece of paper.

**Linex Active Learning** tools activate the children, making math both easier and a lot more fun to learn.

**LINEX** makes learning fun

Want to  
create  
great  
things?

Our legendary Super Ruler has achieved national and international recognition and its resilient design still makes it an international best-seller. It includes a unique slide/antislid principle, which makes it far more functional and efficient than traditional rulers. A built-in rubber strip grips the underlying surface and the ruler locks itself firmly in place. By slightly tilting the ruler, it is easily repositioned.

The Super Ruler has found wide use as it is suitable for both drafting, measuring and following lines.

Material: glass-clear acrylic with coloured centre.

One rubber strip prevents the ruler from sliding. When tilting the ruler, the rubber is lifted from the paper and the ruler slides smoothly on the acrylic rib.

Two rubber strips ensure that the ruler lies firmly on the paper.

You can find matching back 2 school products in page 32, 35 & 39

### Cutting Aluminum Rulers

Lightweight aluminum ruler with solid steel edge on one side for cutting and bevel edge  on metric side.

Rubber strip on the back ensures that the ruler does not move while working. Mm graduation.

Material: Anodised aluminum

Order code	Lenth	With
<b>400082275</b>	30 cm	40 mm
<b>400082272</b>	50 cm	40 mm
<b>400082273</b>	70 cm	40 mm
<b>400082274</b>	100 cm	40 mm

### Aluminum Rulers

With bevel edge 

The rubber strip on the reverse, which prevents the ruler from sliding, is similar to that of our well-known Super Ruler.

Tilting of the rulers allows drawing with ink along the bevelled edge.

The high-profile, vertical edge ensures secure cutting.

The sleeve has a label showing the features of the ruler.

Order code	Linex code	Lenth	With
<b>100413070</b>	1930 M	30 cm	35 mm
<b>100413071</b>	1950 M	50 cm	35 mm
<b>100413072</b>	1960 M	60 cm	35 mm
<b>100414220</b>	19100 M	100 cm	35 mm

### Light Aluminum Rulers

One side with bevel edge  for measuring, the other side with plain edge  for cutting.

Rubber strip on the underside prevents the ruler from sliding.

Order code	Linex code	Lenth	With
<b>100412165</b>	2930 M	30 cm	35 mm
<b>100412166</b>	2950 M	50 cm	35 mm

## School T-Squares - foldable head

With bevel and tracing edge   
 80 cm glass-clear blade with bevel and tracing edge.  
 Precision divided in mm with vertical division. 180 °  
 easily adjusted frequency protractor with a lock.  
 Foldable head for easy transport. Comes in heavy  
 canvas Velcro sleeve. for optimum protection.  
 Material: blade in clear acrylic.

Order code	Linex code	Lenth	With	Thickness
100411015	T 80 M	80 cm	55 mm	5.0 mm

Protective sleeve

## School T-Square

With double tracing edge   
 Material: head and blade of glass-clear SAN.

Order code	Linex code	Lenth	With	Thickness
100413063	D 365 PM	65 cm	43 mm	3.5 mm

## T-Squares for Sketching

With two bevels   
 Divided on both bevels.  
 Material: glass-clear SAN.

Order code	Linex code	Lenth	With	Thickness
100413064	330 M	30 cm	27 mm	2.5 mm
100414150	330 MI	30 cm/12 inch	27 mm	2.5 mm

## School T-Squares - fixed head

With plain edge   
 Material: blade of glass-clear acrylic and light  
 head of coloured ABS.

Order code	Linex code	Lenth	With	Thickness

100413062	A 370 P	70 cm	50 mm	2.5 mm

**Rolling Ruler**

Universal drawing tool for drawing parallel lines, hatching, circles, etc.

Features a 180° protractor and double ruler – one divided in mm, the other in inch.

Includes various conversion formulas and figures.

Ruler length 300 mm.

Material: transparent PS.

**Order code 100411018**

Linex code RR 1000

**Rolling Ruler**

Universal drawing tool for parallel lines, shading, circles, etc.

Also includes a 180° protractor.

With aluminium roller with rubber coating so it sits well on the desk.

Ruler length 350 mm.

Material: clear acrylic.

**NEW** **Order code 400100937**

## Parallel Rulers

**Parallel Rulers**

With bevels on all four sides

Springs built in the bearings ensure smooth motion. Cork-discs on the underside prevent sliding and soiling. Divided in 360°. With protractor.

Material: glass-clear acrylic.

Links of aluminum.

**Parallel Ruler**

Bevels on all four sides

Cork-discs on the underside.

Material: glass-clear acrylic. Links of aluminum.

**Parallel Ruler**

With bevels on all four sides

Springs built in the bearings ensure a smooth motion. Cork-discs on the underside prevent sliding. Divided in 360°.

Material: glass-clear acrylic.

Links of brass.

100412088	FCG 60	60 cm

### Burmeister Set

With double tracing edge

Contains three curves sized 310 mm, 160 mm and 130 mm.

Material: 2 mm glass-clear dunilon.

Supplied in plastic sleeve.

**Order code 100413067**

Linex code 103 DT

### Curve set - College

With double tracing edge

Contains three curves sized 310 mm, 160 mm and 130 mm.

Material: transparent, coloured plastic.

**Order code 100413069**

Linex code 103

# Want to create great things?

## For kids - the future

Linex back 2 school series is a range of good, affordable, solid, colourfull and usefull tolls for children or students.

The range consists of silicone rulers, pencils, pencil sharpeners and earsers and will have on-going development.

Packed in smart design and set solutions, targeting the youngs kids and their demands.

	<b>100413006</b>	COLL632	320	370	370	

All angles between 0-45° are automatically indicated.

Additionally, for length of base = 1, the length of the secant and the height of the tangent are indicated.

Example:  $V = 30^\circ$ , tangent = 0.577, secant = 1.155 and base = 700 mm, then height =  $0.577 \times 700 = 403.9$  mm and length =  $1.155 \times 700 = 808.5$  mm.

## Adjustable Set Squares

With bevel

The graduated arch, manufactured in one part with the arm, is divided in half degrees, tangent and secant.

# Nautical Plotters

## Nautical Plotter

With plain edge

For plotting course and bearing. Direct reading against variation scale. Mile and kilometre scale along the edge. Mat surface can be written on with pencil. Instructions enclosed.

Material: 1 mm transparent PETG.

380 x 120 mm.

**Order code 100413017**

Linex code 2811

## Nautical Plotter

With plain edge

For plotting course and bearing. Direct reading against a variation scale. Ideal for use on chart boards. Divided degrees and guidelines. User instructions enclosed.

Material: 1.5 mm transparent PETG.

140 x 140 mm base. 377 mm arm.

**Order code 100413016**

Linex code 2810

## Plain Edge

On all templates without any additional indication other than reference number.

## Ink Bosses

Manufactured in the material of the template, lifts the template 0.5 mm to prevent smudging of the ink lines. Reference indicated by number and S.

## Tracing Edge

A milling on the lower side of the cut-outs, preventing the ink from smudging or running under the template. Reference indicated by number and T.

### Isometric Ellipse Template

With ink bosses

For pen 0.5 mm .

Contains 32 isometric ellipses in 35° 16' projection with isometric axis from 2 to 50 mm. Also indicated for isometric projection with large axis from 2.5 to 62 mm. Contains minor axis measurement scales for lay-out of circular parts drawn beneath each other.

Material: 0.9 mm green-transparent CP. Size 200 x 128 mm.

**Order code 100414278**

Linex code 1236 S

### Ellipse Template

With ink bosses

For pen 0.5 mm .

Contains 60 ellipses with large axis from 5 to 35 mm.

Guidelines for easy location of the centre point.

For drawing circles in 25°, 45°, 60° and isometric projection 35° 16'.

Material: 0.9 mm green-transparent CP. Size 260 x 128 mm.

**Order code 100414255**

Linex code 1169 S

### Isometric Ellipse Template

With tracing edge

For pen 0.5 mm .

Contains 28 isometric ellipses of 35° 16' projection with isometric axis from 2 to 60 mm. With scales for isometric design.

Material: 1.5 mm green-transparent SBS. Size 285 x 135 mm.

**Order code 100414313**

Linex code 1269 T

### Combination Template

With ink bosses

For pen 0.5 mm .

Contains the geometric basic figures: circle, square, hexagon and triangle, all from 3 to 24 mm. Ruler with zero in the middle and centrelines.

Material: 1 mm green-transparent SBS. 195 x 100 mm.

**Order code 100414320**

Linex code 1270 S

## Circle Template

With ink bosses 

For pen  0.5 mm 

Contains 35 circles with diameters from 1 to 35 mm. All with markings to make it easier to work out the centre. The circles are in mm and the ratio is 1:2.5. plus 1.5 - 2.5 - 3.5 - 4.5 mm, a total of 39 circles, mm-division on one side.

Material: 1.2 mm green-transparent SBS. Size 240 x 120 mm.

**Order code 100413074**

Linex code 1116 S

## Circle Template

With ink bosses 

For pen  0.5 mm 

Contains 22 selected circles with diameter from 1 to 35 mm. Centre points precisely located by means of guidelines. Mm-division on one side. Material: 1.2 mm green-transparent SBS. Size 160 x 90 mm.

**Order code 100413075**

Linex code 1118 S

## Circle Template

With tracing edge  and fingerlift.

For pen  0.35/0.5-mm 

Contains 45 circles, from 1 to 10 mm in 0.5 mm increments and from 11 to 36 mm in 1 mm increments. All circles have tangential squares for precise alignment. Includes protractor 360/5° and pie chart 100/1%, 160 mm scale and rounded corners of 20, 22, 25 and 28 mm radii. 3.5 mm stencil with R, Ø, numbers and arrows.

Material: 1.6 mm green-transparent SBS. Size 260 x 130 mm.

**Order code 100414311**

Linex code 1217 T

## Electro Template

With plain edge 

Contains symbols for both low current and power current diagrams. The most frequently used symbols come in several sizes, and may be drawn with a ball pen or a pencil, which makes this template easy to use.

Material: 0.9 mm green-transparent CP. Size 165 x 95 mm.

**Order code 100414263**

Linex code 1184

## Nut and Radius Template

With tracing edge  and fingerlift.

For pen  0.35/0.5 mm .

For drawing metric ISO nuts and bolts, seen from edge and surface. Sizes M2-M20. Radii from

1 to 25 mm, surface symbols and arrowheads.

ISO 4014 + 4032 and ISO 1302.

Material: 1.6 mm green-transparent SBS. 160 mm.

**Order code 100414318**

Linex code 1314 T

## Electro Template

With ink bosses .

For pen  0.35/0.5 mm .

Contains frequently used symbols or easily-combined symbol parts for electrical wiring diagrams DIN 40717, ISO 617 and BS 3939. With sine curves and 3.5 mm lettering stencil extended with Greek letters. Also numbers and arrowheads 5 mm. General design aids as metric coordinate scales and protractor 0-90 / 90-0 degrees. Holes for guidelines and hatching.

Material: 1.2 mm green-transparent SBS. Size 155 x 155 mm.

**Order code 100414310**

Linex code 1289 S

## Architect Templates

With ink bosses .

For pen  0.5 mm .

Contains graduated furniture in groups and single pieces as well as kitchen appliances, sanitary appliances and wiring. Scale 1:50.

Material: 0.9 mm green-transparent CP. Size 280 x 115 mm.

**Order code 100414273**

Linex code 1231 S

## Troop Template

With ink bosses .

With NATO military symbols. For use with pencil or fine-line fibre-pen. All symbols for land based systems according to APP-6A which uses icons to distinguish friend, hostile, neutral and unknown.

Material: 0.9 mm green-transparent CP. Size 275 x 125 mm.

**Order code 100413079**

Linex code 1374 S

## Troop Template

With plain edge .

Contains selected tactical NATO military symbols.

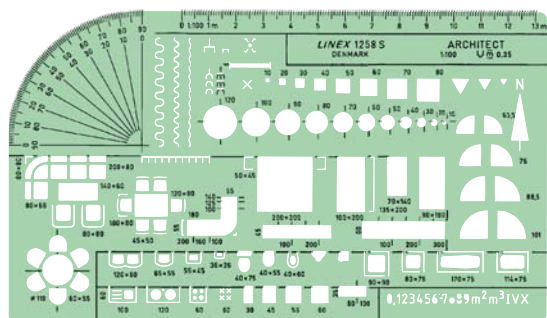

Material: 0.9 mm green-transparent CP.

Size 200 x 100 mm.

**Order code 100414287**

Linex code 1274

### Universal Architect Template

With ink bosses

For pen 0.35 mm m and pencil 0.5 mm.

Contains symbols for furniture and groups of furniture for the living room, dining room, bedroom/children's room, kitchen and bathroom as well as electrical symbols and several symbols for common use. Scale 1:100.

Material: 1 mm green-transparent SBS. Size 200 x 115 mm.

**Order code 100414314**

Linex code 1258 S

### Universal Architect Template

With ink bosses

For pen 0.35 mm m and pencil 0.5 mm

Contains symbols for furniture and groups of furniture for the living room, dining room, kitchen and bathroom as well as electrical symbols and several symbols for common use. Scale 1:50.

Material: 1 mm green-transparent SBS. Size 235 x 160 mm.

**Order code 100414315**

Linex code 1259 S

### Plumbing Fixture Templates

With ink bosses

For pen 0.35 mm m.

Contains a wide range of modern sanitary appliances, e.g. bath, shower, bidet, combination closet and lavatories, seen in elevation and plan view. Scale 1:50.

Material: 0.9 mm green-transparent CP. Size 165 x 95 mm.

**Order code 100414237**

Linex code 1135 S

### Furniture Templates

With ink bosses

For pen 0.35 mm or pencil 0.5 mm.

Contain symbols for furniture and groups of furniture for the living room, dining room, bedroom/children's room, kitchen and bathroom as well as symbols for common use. Scale 1:50.

Material: 1 mm green-transparent SBS. Size 230 x 160 mm.

**Order code 100413078**

Linex code 1263 S

### Tailor Set Square

Essential for both professional and amateur tailors.

Ruler and diameters on 2 sides. Used in drawing designs and patterns.

Material: 3.0 mm Glass-clear acrylic. Size 600 x 290mm.

**Order code 100414068**

Linex code 2960

## College Circle Template

With plain edge 

With 39 circles from 1-35 mm.

Material: transparent, coloured plastic.

Size: 240 x 120 x 1.2 mm.

**Order code 100413077**

Linex code COLL 116

## Functions Template

With plain edge 

With 26 applications.

With its combination of several graphes, ruler and protractor this is an ideal drawing instrument for pupils for all school days and for students for the duration of their study.

The template shows 26 applications, where an easy allocation and use is guaranteed with several coordinate systems and reference lines.

Material: 1.0 mm green-transparent SBS.

**Order code 400076630**

## GEO-Ruler

With tracing edge  for pen  0.5 mm.

Combined ruler and a geo set square.

Containing 180° protractor with parallel translation and 21-0-7 cm ruler.

Material: 1.0 mm green-transparent SBS.

**Order code 400076631**

## Parabola Template

Parabola and sine/cosine curves.

With tracing edge  for use with technical pen  0.5 mm or fineliner pen  up to 0.7 mm.

Contains parabola  $y = x^2$  and the sine/cosine curves  $A = 1$  and  $A = 0.5$ .

Material: 1.5 mm green-transparent SBS. Size: 125 x 70 mm.

**Order code 400076599**

## Standard Lettering Stencils

Linex range of lettering stencils for personal, school and commercial use.

Quick and easy production of letters for filing, signs and other purposes.

Ink risers prevent smudging.

## Adding play to math

Studies show that many children learn math better by using their sense of touch than by staring into a book. Linex Active Learning tools allow children to get to grips, making math both easier and more fun.

Math doesn't have to be all about tricky numbers on a page.

## Base 10 Set, Plastic

Product info:

- Contains 121 parts
- 1 blue cube (1000), 10 green flats (100), 10 yellow rods (10), 100 red units (1)
- Manual included

Used for pre-school/primary school

Product use:

- Enhance understanding of the decimal system as well as addition, subtraction, number sense, percentages and counting.
- The set is color-coded to help the students quickly differentiate place value by comparing the red units, yellow rods, green flats and the blue cube.
- The students are helped towards a better understanding of these abstract concepts by seeing, touching and comparing physical models of units, tens, hundreds and thousands.

### Linex Arithmetic String with 100 Beads

Product info:

- Expandable string with 100 beads in red and white
- Beads arranged in 10
- Beads made of recycled plastic
- 150 cm long
- The beads will stay in place when the string is held up or down

Used for pre-school/primary school

Product use:

- Learn how to count.
- Ideal for the start of number work with younger children and students.

Example: Choose a number, e.g. 27, then have the students move 2 ranges of 10 beads and then an extra 7 beads.

Order code: 400065109

Learning stage

### Linex Arithmetic String with 20 Beads

Product info:

- Expandable string with 20 beads in red and white
- Beads arranged in 5
- Beads made of recycled plastic
- 45 cm long
- The beads will stay in place when the string is held up or down

Used for pre-school/primary school

Product use:

- Learn how to count.
- Ideal for the start of number work with younger children and students.

Example: Choose a number, e.g. 7, then have the students move a range of 5 beads and then an extra 2 beads.

## 1 m Number Line

Product info:

- Durable number line numbered 1-1000 Length 1 m, width 2,5 cm
- Including red and blue clamps

Used for pre-school/primary school

Product use:

- Learn numbers and numeric patterns (1-1000).
- With the red and blue clamps, you can illustrate certain numbers or ranges.

Order code: 400065123

Learning stage

## 5 m Number Line

Product info:

- Durable number line numbered 1-1000
- Length 5 m, width 9 cm
- Including red and blue clamps
- Adhesive Velcro stickers supplied to fasten the line on the wall.

Used for pre-school/primary school

Product use:

- Learn numbers and numeric patterns (1-1000).
- With the red and blue clamps, you can illustrate certain numbers or ranges.

Order code: 400065124

Learning stage

## Split Box

Product info:

- Size: 12x7,5x1,5 cm
- Including transparent lid and 20 red beads
- Made of recycled plastic

Used for pre-school/primary school and middle school

Product use:

- Can be used with 2 or 3 parts with beads from 2 to 20. Shake the box and get 2 or 3 subsets. Close 1 or 2 lids and learn to count, add and subtract. Uncover the lid and check your results.
- Fill the middle compartment with e.g. 8 beads. Close both lids and shake. You get 5 beads in the right compartment. How many beads are in the middle? Is 3 correct? Uncover lid and see the result.

Order code: 400065120

Learning stage

### Clock, magnetic

Product info:

- Magnetic pieces
- Shows in different time system, f.ex: 5/17
- Possible to show as digital clock
- Teacher set
- Supplied in box

Used for pre-school/primary school

Product use:

- Learn the clock in different systems

Order code: 400093025

Learning stage

### Teaching Clock Set

Product info:

- Clock set in plastic for teaching
- The set includes: 1 large clock with stand and 24 small clocks for students
- Adjust hands on both the back and front
- Engraved numbers
- Manual included

Used for pre-school/primary school

Product use:

- Ideal for children who are ready to learn how to tell time.

Order code: 400065135

### Money Set - Nordic kr.

Product info:

- Set of 160 Nordic coins and 130 Nordic banknotes
- Coins: 20x50 øre, 40x1 kr., 40x2 kr., 20x5 kr., 20x10 kr., 20x20 kr.
- Banknotes: 10x20 kr., 36x50 kr., 36x100 kr., 24x200 kr., 15x500 kr., 12x1.000 kr. designed with Nordic cities
- Plastic / paper

Used for pre-school

Product use:

- Enhance understanding of the value of money
- To learn about the private economy
- Makes it visual about what different things cost

Order code: 400082163

## Abacuses

Product info:

- Solid abacus with 20 or 100 beads to help students to understand simple math
- Sloped frame in recycled wood
- Frame made out of one piece, and therefore very solid and stable
- Beads in red and white made of recycled wood

Used for pre-school/primary school

Product use:

- Simple abacus to illustrate many counting techniques including adding and subtracting and counting to 20 or 100.

Small

- Size: 24,5x4,5x6 cm

**Order code: 400065131**

Large

- Size: 25x17x4,5 cm

**Order code: 400065132**

Learning stage

## Counting Chips and Board

Product info:

- Set of 22 counting chips, 10 arithmetic signs and one board
- Counting chips in red and blue
- Board printed with the numbers 1-20 on one side and with 20 circles on the other side
- Board: 30x7 cm
- Arithmetic signs 2 +, -, <, >, =

Used for middle school

Product use:

- Practice basic counting and numeracy skills using counting chips.
- Learn to count and sort, identify patterns and discover positive and negative integers using the counting chips and board.

**Order code: 400065121**

Learning stage

## Caring and quality

It's important to us that you feel secure with the products your students use.

Therefore we produce the Linex Active Learning tools according to the highest standards of quality and safety. Our materials are carefully selected in order to ensure the very best for your children. Moreover, we strive to reduce the environmental impact and use recycled materials as much as possible.

**Magnetic Math Pictures**

Product info:

- 210 magnetic pieces
- 27 different images, 100x100 mm.
- Numbers 0-9
- Signs +, -, >, <, =

Used for pre-school

Product use:

- Learn mathematics by using a range of illustrations to make learning more visual.
- Magnetic backing makes it easy to display them on a board so many students can follow along together.

Order code: 400082142

Learning stage

**Math in Pictures**

Product info:

- 80 pieces
- 5 different images, 100x100 mm.
- Numbers 0-9
- Signs +, -, >, <, =

Used for pre-school

Product use:

- Learn mathematics by using a range of illustrations to make learning more visual.

Order code: 400100563

Learning stage

**Tangrams**

Product info:

- 28 tangrams
- 10x10 cm
- 4 different colors
- Durable plastic

Used for middle school

Product use:

- Provides a fun way for children to explore geometry, shapes, colors, patterns, and designs.
- The students can create geometric shapes, tangram puzzles (form animals and objects as shown) and symmetrical figures.

Order code: 400065122

Learning stage

**Pattern blocks**

Product info:

- 250 pcs. In 6 different shapes and colours, thickness 5mm
- Made of Re-wood
- Delivered in box

Used for middle school

Product use:

- You can build several geometrical shapes and figures

Order code: 400093024

Learning stage

Learning stage

## Geometrical Shapes

Product info:

- 10 geometrical shapes made of recycled plastic
- Height 15 cm
- Manual included

Used for middle school

Product use:

- This set can be used to identify relationships between the volumes of the individual shapes.
- The shapes are also suitable for helping students to recognize three-dimensional geometrical forms, edges, corners and diagonals.
- Create better understanding of volume by filling the shapes with water or sand.

Order code: 400065102

## Geometrical Shapes with Forms and Sections

Product info:

- 6 geometric shapes made of recycled plastic
- Height 10 cm
- 5 colored lids, 6 forms of durable plastic, 6 sheets for overhead projector and separat sections
- Manual included

Used for middle school

Product use:

- To identify, describe and calculate base areas, top surface of area,
- side surface, forms, volume, surface, surface of revolution and axis.
- The teacher explains basic characteristics of each shape so the students easily can recognize the terms when they compare the shapes.
- With separated sections you can show several segments and you can calculate and compare several volumes.

Order code: 400065103

Learning stage

Learning stage

## Measuring Cup Set

Product info:

- Set of 6 measuring cups in recycled plastic
- The set includes: 1000 ml, 500 ml, 250 ml, 100 ml, 50 ml og 10 ml
- Can be used up to 135° C
- All measuring cups has a marked scale

Used for middle school

Product use:

- Learn about volume and measurements.

Order code: 400065139

## Magnetic Round Fraction Pieces

Product info:

- For teacher use on the board
- Shows  $1/1$ ,  $1/2$ ,  $1/3$ ,  $1/4$ ,  $1/5$ ,  $1/6$ ,  $1/8$ ,  $1/12$ ,  $1/20$
- Each fraction has its own color and is marked
- Same colours as student set (400065140)
- 26cm Ø
- Supplied in box

Used for middle school

Product use:

- Learn about fractions in an illustrative manner.

Order code: 400093022

## Magnetic Linear Fraction Pieces

Product info:

- For teacher use on the board
- Shows  $1/1$ ,  $1/2$ ,  $1/3$ ,  $1/4$ ,  $1/5$ ,  $1/6$ ,  $1/8$ ,  $1/12$
- Each fraction has its own color and is marked
- Same colours as student set (400093026)
- Format  $1/1 = 100 \times 10$  cm
- Supplied in box

Used for middle school

Product use:

- Learn about fractions in an illustrative manner.

Order code: 400093027

Learning stage

## Fraction Pieces

Product info:

- 10 fraction sets in solid plastic
- Each fraction has its own color and is marked
- Shows  $1/1$ ,  $1/2$ ,  $1/3$ ,  $1/4$ ,  $1/5$ ,  $1/6$ ,  $1/8$ ,  $1/10$ ,  $1/12$ ,  $1/20$
- 10 cm in diameter

Used for middle school

Product use:

- Learn about fractions in an illustrative manner.

Order code: 400065140

Learning stage

Learning stage

## Linear Fraction Pieces, Plastic

Product info:

- Shows  $1/1$ ,  $1/2$ ,  $1/3$ ,  $1/4$ ,  $1/5$ ,  $1/6$ ,  $1/8$  and  $1/12$ .
- Each fraction has its own color and is marked
- Same colours as teacher set (400093027)
- Format  $1/1 = 24 \times 2,4$  cm
- Delivered in transparent plastic box

Used for middle school

Product use:

- Learn about fractions in an illustrative manner.

Order code: 400093026

Learning stage

## Geometric Mirror Set

Product info:

- Set of 10 plastic mirrors with a reflecting side
- Size: 15x10 cm
- Round corners

Used for pre-school/primary school and middle school

Product use:

- For optical and reflection exercises.
- Important teaching aid for mathematical education to see mirror pictures, symmetries or geometrical shapes.
- Can be used to build patterns, read mirror writing and other reflecting experiments.

Order code: 400065125

Learning stage

Learning stage

## Transparent Geometric Mirror

Product info:

- Reflecting mirror in recycled plastic
- Size: 15x10x6 cm
- Sloped drawing edge

Used for pre-school/primary school and middle school

Product use:

- Look through the transparent mirror and draw the reflection of the picture on the backside.
- Can be used to read mirror writing or copy a picture in the mirror.
- Can be used by both left- and right-handed teachers and students.

Order code: 400065126

## Double-sided Geometric Boards

Product info:

- Set of 6 green double-sided geoboards
- Size: 15x15 cm
- 25 pins on one side and 24 pins on the other side in form of a circle
- Rubber bands
- Examples included

Used for middle school

Product use:

- Geoboards are useful for teaching shapes, angles, area and perimeter.
- Manipulate rubber bands to explore lines, shapes and pictures.

Order code: 400065129

Learning stage

# Shapes & Measuring

## Geoboard

Product info:

- One-sided transparent square board made of recycled plastic
- Size: 15x15 cm
- 25 pins
- Including 25 rubber bands in four colors and two sizes with 12 examples
- Examples included

Used for middle school

Product use:

- Geoboards are useful for teaching
- shapes, angles, area and perimeter.
- Manipulate rubber bands to explore lines, shapes and pictures.

**Order code: 400065127**

Learning stage

# Weight & Balance

## Balance

Product info:

- From 0,5 gram and up to 2 kg
- Size: 38x13x13 cm
- Manual included

Used for pre-school/primary school

Product use:

- A very precise balance made of recycled plastic.
- Learn about weights and units.

**Order code: 400065106**

Learning stage

## Weight

Product info:

- Set of 12 weights of cast iron and brass.
- Cast iron weights: 1x500 g, 1x200 g, 2x100 g
- Brass weights: 1x50 g, 1x20 g, 2x10 g, 1x5 g, 2x2 g, 1x1 g
- Total weight: 1 kg.

Used for pre-school/primary school

Product use:

- To be used with the balance.
- To learn about weights and units.

**Order code: 400065107**

Learning stage

In cooperation with Forlaget MATEMATIK (Danish Math Organisation) we publish teaching material that relates to the specific materials used in the teaching of mathematics.

## Exercise Set and Materials 1 - Numbers

Product info:

- The material is sold in sets consisting of workshop cards, student worksheets for copying and a teacher's guide.
- The workshop cards have instructions and drawings that support self-instruction. The current learning goals are stated on all cards. The cards indicate clearly which materials and which student worksheets are to be used for the activity.
- The student worksheets are for use in the activity. 1-4 student worksheets will be attached to each workshop card, which can be copied for the working groups.
- The teacher's guide provides further activities and differentiation options as well as references to curricular guidelines (Common Goals).

Product use:

- The material can help students in all grades to learn about maths, based on curricular guidelines (Common Goals).

## Numbers - 1 Student

Content:

- 1 teacher's guide
- 1 set of workshop cards
- 1 set of student worksheets
- 1 x Base 10 in plastic
- 1 set of position dices

Order code: 400098268

Pupils learn  
**cooperation**  
and to show  
**initiative**

## Numbers - 6 Students

Content:

- 1 teacher's guide
- 6 sets of workshop cards
- 1 set of fully copyable student worksheets
- 6 x Base 10 in plastic
- 6 sets of position dices

Order code: 400098269

Active  
Learning  
makes it  
**easier** to vary  
your teaching

In cooperation with Forlaget MATEMATIK (Danish Math Organisation) we publish teaching material that relates to the specific materials used in the teaching of mathematics.

### Exercise Set and Materials 2 - Measurement

Product info:

- The material is sold in sets consisting of workshop cards, student worksheets for copying and a teacher's guide.
- The workshop cards have instructions and drawings that support self-instruction. The current learning goals are stated on all cards. The cards indicate clearly which materials and which student worksheets are to be used for the activity.
- The student worksheets are for use in the activity. 1-4 student worksheets will be attached to each workshop card, which can be copied for the working groups.
- The teacher's guide provides further activities and differentiation options as well as references to curricular guidelines (Common Goals).

Product use:

- The material can help students in all grades to learn about maths, based on curricular guidelines (Common Goals).

### Measurements - 1 Student

Content:

- 1 teacher's guide
- 1 set of workshop cards
- 1 set of student worksheets
- 1 x Base 10 in plastic
- 1 set of position dices

Order code: 400098268

Great to have different **tools** for specific topics

### Measurements - 6 Student

Content:

- 1 teacher's guide
- 1 set of workshop cards
- 1 set of student worksheets
- 1 x Base 10 in plastic
- 1 set of position dices

Order code: 400098268

The children **engage themselves** and have **fun** with it

# Want to create great things?

## For ultimate precision – X-actly!

Linex has always been synonymous with ultimate precision, offering high quality drawing and measuring products for professionals, office workers and students since 1935.

Boasting a long and proud history of product development, Linex continues refining the product range to ensure that customers get precision and reliability every time, with every purchase.

And now, in keeping with our focus on refinement, our classic green logo colour has been updated with a fresh touch of spring green. New logo colour, same Linex quality.
